EXPERIENCE

Graduate Assistant Sep 2026 – Present
Ph.D. Hub at NYU Tandon

- Managing multi-channel visual and digital touchpoints across print, social, and CMS platforms, establishing brand consistency and streamlining digital resource navigation on Brightspace for 500+ doctoral students

Product Design Intern June 2026 – August 2026
Yerba Buena Gardens Conservancy

- Spearheaded end-to-end product design for a mobile platform to increase Gen Z participation in the gardens, leading the product from user research and prototyping in Figma through MVP design and engineering handoff
- Conducted 11 user interviews and 2 moderated/unmoderated usability studies, translating qualitative insights into 4 core product features; iterated on Figma prototypes to achieve 84.8% task success and a 70 SUS score, exceeding the industry benchmark of 68
- Built a Figma design system (components, variants, auto-layout) and translated it into a functional MVP via Lovable and Cursor, with dev-ready handoff documentation for the internal IT team

Marketing Manager June 2025 – May 2026
Campus Recreation Department at SFSU

- Supervised 28 student staff across graphic design, video/photo, social media and brand ambassadors by providing hands-on guidance, regular check-ins, and a collaborative environment to deliver engaging content for campus events
- Collaborated with 5 Campus Recreation programs for upcoming events, applied requested marketing materials, ensuring consistency across digital/physical platforms while also taking on graphic design projects to balance workload

UX Design Apprentice June 2025 – Aug 2025
BRIDGEGOOD

- Conducted 12 stakeholder interviews and user research sessions with undocumented individuals to uncover user needs for a mobile app designed to help undocumented individuals access verified legal resources, built through partnerships with 6 Bay Area organizations
- Owned the end-to-end UX lifecycle from participant recruitment and wireframing to prototyping and usability testing to create research-driven high-fidelity solutions aligned with BRIDGEGOOD’s social impact mission
- Increased BRIDGEGOOD’s digital engagement by creating trend-driven video content and designing 14 custom Instagram stickers and public Giphy assets that generated 55K+ views and 3.8K+ interactions

Graphic Designer Dec 2024 – June 2025
Division of Graduate Studies and Career Development at SFSU

- Created 10+ visually engaging concepts and layouts weekly including brochures, flyers, emails, posters, stickers, logos, t-shirts, and digital graphics for print, display screens, and web, therefore increasing student engagement
- Designed and delivered all marketing and branding materials for the Division of Graduate Studies and Career Development, boosting awareness of student services and encouraging engagement with career, graduate school and educational resources

PROJECTS

UX Designer Sep 2026 – Present
Active Portfolio Management with Machine Learning and Time Series Forecasting | NYU VIP

- Designing dashboards to visualize time series and strategy performance metrics (Sharpe ratio, win rate etc.) for 6 ML forecasting models undergoing stress testing and investment strategy development
- Adapting open-source dashboard code with AI-assisted development tools and simplifying financial data into a clear interface for the team to compare model performance

LEADERSHIP

Marketing Commissioner Aug 2026 – Present
NYU Tandon Graduate Student Council

- Designed social media flyers promoting NYU Tandon Graduate Student Council events and initiatives, creating engaging visuals aligned with GSC branding

President Aug 2025 – May 2026
Industrial Designers Society of America Student Chapter at SFSU

- Founded a mentorship program connecting Industrial Design students to internship and scholarship opportunities
- Reinstated the SF State IDSA chapter in 2023, growing it to 21-chapter events by 2026

EDUCATION

New York University
M.S. in Emerging Technologies (Conc. in User Experience Design)

San Francisco State University
B.S. in Industrial Design
Minors in Visual Communication Design & Marketing
GPA: 3.9 (Dean’s List)

CERTIFICATIONS

Google UX Design
Coursera – May 25

Advanced Design
Offsite – Aug 24

SKILLS

Rapid Prototyping
UI/Visual Design
Wireframing
Information Architecture
Design Systems
Design Research
Illustration
Usability Testing
Storyboarding
Interaction Design
AI-assisted Prototyping

TOOLS

Figma
Framer
Procreate
HTML/CSS
Adobe (Ai, Ps , Id)
Lovable
Cursor
Claude
Blender
Rhino
SolidWorks

FABRICATION

Wood & Metal Work
3D Printing
CNC Machine
Laser Cutting
Clay Making
